What is required of the customer:

- If you are a poultry exempt operator and planning to sell your chicken, you must provide your own label, approved by the NCDA Poultry Division. If your chicken is for personal consumption only, we will provide a generic label with the words “**Not For Sale**” printed on it.
- You must remove feed from your chickens at least 14hrs prior to dropping them off for processing. There will be an additional **\$100** charge per appointment that brings in chickens with full crops.
- Your chickens must be crated for transport and delivery on Friday morning. We have a limited number (4) of transport crates available that can be rented for **\$10** per crate. These can hold up to ten 7lb broilers per crate.
- Processing day is on Friday, and pick up is on Saturday afternoon. You must pick up your chickens on Saturday afternoon or an additional **\$50** per day storage fee will be added to your order. Chickens need to be delivered by 9am on Friday. Pick up on Saturday between 3pm-5pm.
- Each chicken will be inspected before, during, and after processing. We reserve the right to decline packaging of any chickens, organs, feet, & necks that we determine to not be fit for human consumption. The issue will be documented, the item separated, and the customer will be notified of the issue. Examples include damaged wings during capture & transport, bumble foot, liver disease, scars/lacerations/infections on body.
- Payment is due upon receipt of products – Check, Credit Card, or Cash (if cash, please have exact amount due.)

I agree to the terms and conditions stated above.
